## Burn Model System Follow-up Survey: Introduction

Thank you for continuing to participate in this study! We want to learn about how young people do after a burn injury. Some questions are about your child's burn injury and other questions ask about him/her and people around him/her. You may notice that some questions might sound similar. This is not a mistake and is part of the research process. All your information will be kept private. If you are unsure how to answer a question, please give the answer that fits you best. You can choose to skip any questions you don't want to answer or feel uncomfortable answering. Some questions have instructions to help you answer them better. These instructions appear in italics.

**Please answer all questions as best you can. If you have any questions please contact us at: \_\_\_\_\_.**
